**Thoughts from some of our sponsors.....**

"Thanks for another great Fit Out Awards. It's so important for the industry to come together like this for one night and enjoy the celebrations. It allows T&I to talk to some very important people and we are delighted to have even agreed 3 new contracts at the ceremony last month. Looking forward to 2016 already."

"I think the awards night rates up there with some of the best events that I have attended recently. There was quite a buzz in the room and I do think people relished the opportunity to celebrate, catch up with old contacts and network."

"The visuals and brochure really did give a great visibility and profile for us as sponsor. My guests who were invited were very impressed with the way the event was presented and managed."
